difference...

FLUIDIX® Technology behind it all

Developed with the global leader in fluid dynamics, patented Fluidix® technology manipulates air and water to create unique massage actions. With no internal moving parts or bearings, Fluidix® Jets won't clog or wear out.

Our brand-new Fluidix® PT™ Jets alternate powerful, percussive streams of water to give you a deep-tissue massage to relieve muscle tension. Available exclusively on the newly redesigned 880™ Series.

A new era in jet technology.

Percussive Therapy
Stimulates back-and-forth "punches" of air and water that mimic the action of a massage gun.

Rotation and Direction
Easily rotate the jet face a full 360 degrees to pinpoint specific muscles in the back for a completely personalized massage.

VERSATILITY

Your ideal hydromassage

All Sundance® spas deliver a variety of distinctly satisfying hydromassage types, powered by precision-engineered jets and patented technologies.

Maximum performance and versatility.

Percussive Therapy
New! Introducing percussive streams of water that rapidly alternate for an invigorating, deep-tissue, adjustable massage.

Relaxion
An air-only soft-tissue massage mimics the subtle touch of fingers rubbing and patting the body.

Muscle Release
Unique motion creates the sensation of fingers and thumbs firmly working into your muscles, increasing circulation and promoting overall relaxation.

Deep-Tissue
Powerful water streams simulate strong hands deeply kneading large muscle groups to reduce tension and discomfort.

Pressure Point
Focused streams imitate firm fingers activating vital acupressure points to release strain and stimulate the body's energy.

Fluidix® PT™ Jet
Percussive streams alternate for a deep-tissue massage; jet face adjusts 360 degrees.

Silent Air® Injector Jet
A small, gentle stream of bubbles also diffuses SunScents™ Aromatherapy.

Fluidix® Nex™ Jet
Adjusts to relieve neck tension and strain in small muscles.

Whirlpool Jet
Vigorous, deep-tissue massage that is adjustable.

Deep-Tissue

Applies slow, broad strokes and firm pressure to reach the deepest muscle layers.

MICROCLEAN® Filtered water

Every Sundance® spa comes with a best-in-class MicroClean® filtration system that works to ensure the water is always ready when you are.

Step into sparkling water.

Slipstream™ Skimmer

The extra-wide weir gate floats along with the water level to “skim” more debris than standard systems and prevent buildup.

Proprietary horizontal filter

Unlike a typical vertical filter, the horizontal position of our pleated filter allows water to flow through the filter.

Interior filter

At the heart of the system is an ultra-filtration core liner that removes even the tiniest of unwanted particles.

CLEARRAY® Clean* Water, simplified

The ClearRay Active Oxygen® System combines ozone and UV-C to unlock powerful active oxygen molecules for a hands-free approach to water care. It works harder and cleans* the water longer.

Keeping it simple and effective.

*Clean is defined as the removal of microscopic (down to 3-micron level, varies by model) debris from the water. The ClearRay Active Oxygen® System utilizes various technologies to achieve cleanliness. One of them is ozone, which aids in the grouping of smaller debris to form larger clusters that can be more easily captured in the filtration process.

Filtered Water
The MicroClean® Filter converts water passing over the weir gate into filtered water.

Ozone
The system injects a small amount of ozone into the filtered water.

UV-C
The UV-C light unlocks active oxygen molecules from the ozone.

Active Oxygen
The active oxygen molecules clean* the water, so your spa is ready to enjoy anytime.

A world of Sundance® Spas

CARING Community partnerships

Through our Good Cause Spas® program, we're sharing those feel-good moments to help families reconnect, bodies recover, and spirits revive.

We partner with organizations to help first responders, military personnel, and neighborhood champions access the healing powers of hydrotherapy.

As of 2023, we've donated \$134,000 and 90 Sundance® Spas to numerous worthy causes.

Sundance® Spas donates a spa to WISH for OUR HEROES for every 100 Sundance® spas sold at each participating dealer location in a single calendar year.

Please join us in celebrating the dealers that helped contribute to this worthy cause.

SERVICE

Retail perfected

We pride ourselves on handpicking the perfect retail partners. Aqua Quip, our 2022 Dealer of the Year, showcases unwavering commitment through their stunning showrooms in Seattle. This dealer consistently upholds this dedication by providing outstanding customer service and support for every Sundance® spa they deliver.

Love, love, love my Sundance spa
and won't ever buy anything else.

Manpreet from Beaumont

Just purchased my third
Sundance Spa and am extremely
happy with it as well as the
exceptional service from the dealer.

Brad from Edmonton

*Great massage and easy to use [as] I
am a new hot tub owner. I have severe
back pain with numbness. After 20 min
a day, I can go without pain for 1-2 hrs.*

Teri from Colorado

Live the Sundance® life

We narrowed down our spa search to Sundance
and another brand. We chose Sundance due to their customer
service history, the knowledge, friendliness, and honest
dealer at Sunspa Calgary.

Carrie from Calgary

*The quality of my Sundance
spa is top notch and the service
we received from Terry the owner
of the spa store was awesome.*

Olga from Brighton

Our Sundance spa is the best
purchase we've ever made...
should have bought this years ago.
It's our family happy place.

Laura from Sacramento

Sunlight dances with water
The mood lifts like steam
Conversations flow easily
Memories bubble up
Stress floats away

There's a perfect spot for everyone.
